HEY, I'M RAM MAHESHWARI

A Frontend focused Web Developer building the Frontend of Websites and Web Applications that leads to the success of the overall product

PROJECTS

ABOUT ME

Here you will find more information about me, what I do, and my current skills mostly in terms of programming and technology

Get to know me!

I'm a **Frontend Web Developer** building the Front-end of Websites and Web Applications that leads to the success of the overall product. Check out some of my work in the **Projects** section.

I also like sharing content related to the stuff that I have learned over the years in **Web Development** so it can help other people of the Dev Community. Feel free to Connect or Follow me on my **Linkedin** where I post useful content related to Web Development and Programming

I'm open to **Job** opportunities where I can contribute, learn and grow. If you have a good opportunity that matches my skills and experience then don't hesitate to **contact** me.

Terminal	Express Basics	SQL Basics

PROJECTS

Here you will find some of the personal and clients projects that I created with each project containing its own case study

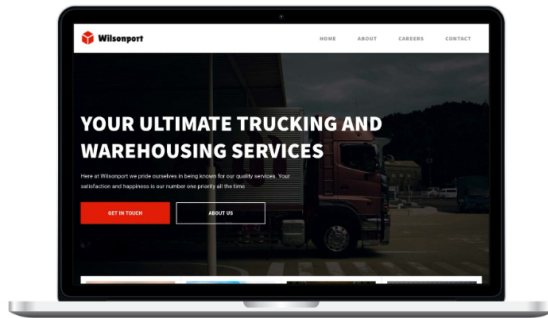

Dopefolio

Dopefolio is a successful Open-Source project that I created which have been featured on some of the biggest tech sites like CSS-Tricks, Hostinger, etc & used by thousands of
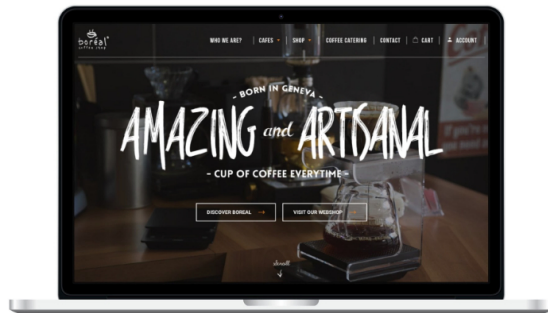

PROJECTS

developers globally

CASE STUDY

Wilsonport

Wilsonport is a multiservice logistics and transport company and I created their website from scratch using the frontend tools I know.

CASE STUDY

Boreal Coffee Clone

I re-created the frontend of Boreal Coffee's official web app because I got attracted to their beautiful UI. It was a great experience for me to build the entire frontend.

CASE STUDY

Crown Template

Crown is a web template that I created targeting the restaurant and food industry which anyone can use to present their business online.
